

Easy and Colourful - Block Lotto for September

This block is very easy and quick to make. Because - you are all busy creating your Birthday surprise quilt, I hope you can squeeze in a half hour for this one.

Colour choice is from the July MQG colour chart.
Use 1 solid and white.

(Tone on tone is acceptable as long as it reads as a solid)

The strips are 2½" and may be cut WOF, or from a fat quarter, or from a scrap.

Cut: 5 strips from the coloured fabric, 2½" x 6½".
3 strips white, 2½" x 4½" and 4 white, 2½" squares.

Finishes at 10½".

1 Block = 1 Ticket Feel free to make lots.
It is so quick and so much fun to use the whole crayon box!

HINT: use a mat to arrange the pieces and stitch in the order laid out as there is a sequence.

Take Ten - May

It's that time again!

This month, the block is the easiest it gets, which was intended for one of the busiest months of the year. I'm calling it Gatsby, because the block reminds me of the Art Deco geometric design of my apartment building here in Paris. It was probably a subconscious inspiration!

This block has five cuts from your 10" piece of fabric: (5) 2.5" x 6.5". From background fabric, each block needs (3) 2.5" x 4.5" and (4) 2.5" x 2.5".
