Using solid or tone-on-tone Spring colours,
cut:

4x 5" squares

4x orange peels, with fusible webbing on back
(such as Steam-A-Seam Lite II),
using template provided.

Using stabilizer underneath, center orange peel on 5" square and fuse into place. Corners of peel should be 1/2" away from each edge.

Stitch edges of orange peel down with zigzag.

Make 4 of these.

1/2"
1/2"

Cut orange peel blocks in half diagonally. Mix and match and join them back together.

Square blocks up to 4.5"

Do not join blocks together. This will allow for the colours to be spread more evenly throughout the finished quilt.

4 blocks = 1 ticket
