

Sensational Summer. - Block Lotto. - September 2025

This block has been inspired by trending colour schemes and our own MQG logo.

Use solid colours (or tone on tones that work as a solid,) white, black and either red, orange, blue, or yellow. You have the freedom to vary where colour placement and block size if desired.

Cut the following to match my block:

1. Black - cut 1½" by 26"
2. White - 6" by 7"
3. Red/orange - 6" square
4. Acid yellow - 7" by 4"
5. Blue/turquoise - 7" by 9"

6. Using ¼" seams, stitch a 6" strip of black between the white and red/orange blocks.
7. Stitch a 7" strip of black between the acid yellow and blue/turquoise blocks.
8. Press seams toward the darker colour.
9. Stitch the remaining black strip between these two block sets.
10. Press and trim your block 12½".

If you feel adventurous, and confident with this cutting and inserting technique, you may alter the size of the blocks and strips. This will add some variety to the completed quilt.

1 block = 1 ticket.
